

MUHAMMED K

UI/UX Designer & Front-End Developer

muhammedklkm@gmail.com | 9656216086 | Malappuram, Kerala | Portfolio: [muhammedfolio.vercel.app](#) | [linkedin.com/in/muhammed-klkm](#)

PROFILE

Creative UI/UX Designer with strong expertise in Figma, crafting modern, intuitive interfaces for websites and mobile applications. Skilled in user research, wireframing, user flows, prototyping, and high-fidelity UI design, translating business requirements into complete user journeys and seamless interaction flows. Experienced building and maintaining design systems and reusable UI components, preparing developer-ready specifications, and refining designs through usability testing and user feedback. Strong grounding in typography, color theory, grids, and visual hierarchy, with working knowledge of HTML and CSS for accurate handoff.

PROFESSIONAL EXPERIENCE

UI/UX Designer | Duplex Solutions Co

02/2026 – 06/2026

Manjeri, Kerala

- Gathered user requirements and collaborated with stakeholders to redesign and modernize the company's ERP software, improving usability and interface efficiency
- Illustrated design concepts using wireframes and process flows prior to development, gaining hands-on experience in ERP workflow design
- Designed and developed responsive websites for Saudi Arabia, UAE, and Qatar-based contracting and restaurant businesses with modern, professional UI
- Created business profiles and company presentation materials with clean layouts and corporate branding standards, presenting drafts to stakeholders for feedback
- Developed a professional website for a music awards show program, applying UI mockups and prototyping for an entertainment-based project

UI/UX Design Intern | Febno Technologies

01/2026 – 02/2026

Kozhikode, Kerala

- Developed responsive webpages from Figma prototypes using HTML, CSS, and JavaScript, ensuring 100% cross-device compatibility
- Streamlined design processes using reusable UI components, improving delivery speed by 20%
- Designed and implemented a responsive personal website that increased engagement by 40% and reduced load time by 35%
